Honorable Andrew L. Carter, Jr.

United States District Judge

U.S. District Court

Southern District of New York

40 Foley Square

New York, NY 10007

Re: Karolina Maria Marciak-Domingues Goncalves Agra v. Rockefeller University, Frederico Azevedo, and

Winrich Freiwald

Civil Case No.: 1:22-cv-10959-ALC-SN

Request for Extension of Time to File Answer

Your Honor:

I respectfully write to request a six-week extension of the current deadline to file my answer in the above-captioned matter, presently due on May 27, 2025.

On May 11, 2025, my brother passed away. Shortly thereafter, on May 15, 2025, my father was diagnosed with advanced dementia requiring urgent and ongoing medical care. Due to these circumstances, I had to travel to Brazil to support my mother, arrange my father's hospitalization, coordinate long-term care, manage his finances, and secure the rental of his apartment.

Given the gravity of these personal emergencies and my role as the primary caregiver and decision-maker, I respectfully request an extension of six weeks-until July 8, 2025-to file my answer. This additional time will allow me to fulfill my family responsibilities, obtain legal counseling, and ensure that I respond to this case properly and thoroughly.

This is my first request for an extension in this matter. I am submitting this request in good faith and not for the purpose of delay.

Attached are official documents confirming my brother's death and my father's medical diagnosis. In compliance with the Court's Individual Practices, I am submitting this letter and supporting documentation by email to Chambers at [ALCarterNYSDChambers@nysd.uscourts.gov](mailto:ALCarterNYSDChambers@nysd.uscourts.gov), as I am not registered for electronic case filing (ECF). Due to a prior restraining order issued by the Family Court of the State of New York in connection with a previous Title IX investigation, I am prohibited from contacting the Plaintiff directly or indirectly. Accordingly, I respectfully request permission to send a copy of this extension request directly to the Plaintiff by email, as she is representing herself pro se. For the Court's awareness, the restraining order and the outcome of the Title IX investigation-concluding that I did not violate MBL's policy or code of conduct-are attached.

Thank you for your consideration during this difficult time.

Respectfully,

Frederico Augusto Casarsa de Azevedo

Enclosures:

- Exhibit A: Death certificate of Victor Hugo Casarsa de Azevedo, brother (original in Portuguese)
- Exhibit B: Death certificate of Victor Hugo Casarsa de Azevedo, brother (partially translated to English)
- Exhibit C: Medical Report for Victor Hugo Aquino de Azevedo, father (in English)
- Exhibit D: Medical Report for Victor Hugo Aquino de Azevedo, father (summarized in English with the doctor's signature)
- Exhibit E: Restraining order
- Exhibit F: Outcome of Title IX investigation

June 6, 2019

Frederico Azevedo  
[fazevedo.lab@gmail.com](mailto:fazevedo.lab@gmail.com)

Dear Frederico,

This letter serves as an official directive that you are to have no contact with Karolina Marciniak. Additionally, Karolina has been directed to have no contact with you.

This No Contact Directive (NCD) prohibits any intentional words or actions directed to the abovenamed individual, including, but not limited to:

- Direct contact, whether in person, via phone, email, text messaging, social media or other electronic means, or by any other means;
- Indirect contact through friends, family, associates, or others (not including attorneys acting in an official capacity);
- Entering the person's private residence;
- Destruction or vandalism of the person's property

This NCD covers all locations, including Marine Biological Laboratory programs and property, whether at MBL, elsewhere in the US and abroad. This order does not prevent you and the above-named individual from seeing each other unintentionally or in passing. However, intentionally and repeatedly entering spaces where the above-named individual is present may constitute contact that violates this directive.

This No Contact Directive will remain in place until further notice.

Sincerely,

A handwritten signature of Ann Egan.

Ann Egan

**Via Electronic Mail**

Frederico Azevedo  
[fazevedo.lab@gmail.com](mailto:fazevedo.lab@gmail.com)

August 1, 2019

Dear Mr. Azevedo,

I write to inform you of the outcome of the complaint made against you (the “respondent”) by Karolina Marciniak (the “complainant”) which alleged that you sexually assaulted her in violation of the MBL Policy on Unlawful Harassment (the “Policy”) and the MBL Code of Conduct. (the “Code”). Specifically, the complainant alleged that you engaged in sexual activity, including sexual penetration, without her consent, on the evening of August 30, 2017 in Swope Hall on the Marine Biological Laboratory (MBL) campus. At that time you served as a Teaching Assistant for the Brains, Minds, and Machines (BMM) course at the Marine Biological Laboratory (MBL), and she participated as a “Listener” in the BMM course.

The MBL’s Unlawful Harassment Policy (A.2.1) states, in relevant part:

5.2 The definition of unlawful sexual harassment is any sexual advances, requests for sexual favors, or verbal or physical conduct of a sexual nature when: (a) submission to or rejection of such advances, requests, or conduct is made either explicitly or implicitly a term or condition of employment or as a basis for employment decisions (called quid pro quo) or (b) such advances, requests, or conduct have the purpose or effect of unreasonably interfering with an individual’s work performance by creating an intimidating, hostile, humiliating, or sexually offensive work environment (called hostile environment).

5.2.2 Hostile environment sexual harassment includes, but is not limited to, unwelcome sexual advances, whether or not they involve physical touching; sexual epithets, jokes, written or oral references to sexual conduct; gossip regarding one’s sex life; comments on an individual’s body or sexual activity; displaying sexually suggestive objects, pictures, cartoons; unwelcome leering, whistling, brushing against someone’s body; sexual gestures; suggestive or insulting comments; discussing one’s own or inquiring into another’s sexual activities.

The MBL’s Code of Conduct (G.1.19) states, in relevant part:

# Marine Biological Laboratory

The standard of proof applicable to this investigation is a preponderance of the evidence standard. A “preponderance of the evidence” standard requires that we determine whether it is more likely than not that your actions, as alleged in the complaint, violate the MBL Unlawful Harassment Policy and/or Code of Conduct.

### *Findings and Conclusion*

After reviewing all of the evidence made available, we find insufficient evidence from which to conclude that you engaged in acts of sexual penetration or sexual conduct without the complainant’s consent. You and the complainant both admit that sexual activity, including an act of sexual penetration, occurred on August 30, 2017 in Swope Hall. You disagree, however, on whether the sexual activity was consensual.

We find your account of the sexual activity to be credible, which is supported by text messages you provided from the time period September 2017-November 2017, after the alleged incident, that reference the sexual activity in question. Specifically, you produced contemporaneous Whatsapp chat messages that took place immediately after the sexual encounters at MBL, which indicates that you and the complainant continued a romantic and sexual relationship following the alleged assault and which are consistent with your version of the sexual activity, specifically referencing the bite on the complainant’s thigh, mutual oral sex, you providing the complainant with a massage, and you preferring slow sex.

Therefore, we conclude that you did not violate the MBL’s Policy or Code of Conduct.

### **Confidentiality and Retaliation**

I want to remind you that confidentiality of what you learned through the course of this investigation and non-retaliation continue to apply. If you become aware of possible retaliation or experience what you believe to be retaliation as a result of your participation in this investigation, please contact us immediately. This same expectation applies to you, meaning you must not engage in retaliatory behavior.

Sincerely,

*Bridget Collier*
